

Woodall Rogers Park to Receive \$250K Donation from DOWNTOWNDALLAS

As part of a \$1.25M commitment to the development or restoration of six Downtown parks, **DOWNTOWNDALLAS** accelerated the funding schedule for Woodall Rogers Park by delivering \$100,000 for the park in January of 2009 and, as a result, will be able to provide the total amount pledged of \$250K by the first quarter of 2010, fulfilling their four year commitment in only three years. This news comes on the tail of the announcement that utility work on the park began last week. Other parks included in the \$1.25 commitment included Main Street Garden, Belo Garden, Pacific Plaza, Founders Square Park and Dealey Plaza. Founders Square Park restoration was completed last year, Dealey Plaza restoration will be complete in February of 2009 and Main Street Garden will be complete by the end of 2009.
